

IMCM'08 + PETO'08 Joint conference program

Copenhagen, Denmark, June 19-20 2008

Day	Time	Author / event	Paper
Thursday the 19th June	09:00	Registration and Breakfast	
	10:00	Welcome	
	10:15	Dr. LIN, Yong	Supply-Side Collaboration with Modular Supply: Cases from Chinese Automotive Industry
	10:40	Mr. WEBER, Marcel	CUSTOMER CO-CREATION IN THE DUTCH FINANCIAL SERVICES
	11:05	Mr. LAKUNZA, Jose Angel	Different configuration problems at different stages in the service life cycle
	11:30	Dr. BRABAZON, Philip	Configuring an open pipeline fulfilment system - a simulation study in an automotive context
	11:55	Lunch	
	13:00	Dr. WOODCOCK, Andrew	Replanning in an open pipeline fulfilment system - a simulation study in an automotive context
	13:25	Dr. SIEVANEN, Matti	A cost management viewpoint to mass customizable services: a review and considerations
	13:50	Mr. LAKUNZA, Jose Angel	Products vs. services: the point of view of the customer
	14:15	Coffee Break	
	14:30	Mr. HEISKALA, Mikko	DIMENSIONS FOR CLASSIFYING SERVICE MASS CUSTOMISERS
	14:55	Dr. HAUG, Anders	Cognition of retrieved product information in configuration projects
	15:20	Mr. SAGHIRI, Soroosh	Modified Postponement Models to Improve Time and Accuracy of the Order Fulfilment
	15:45	Coffee Break	
	16:00	Dr. TUDJAROV, Boris	Web-based VR for Pre-Sales Service Customization
	16:25	Mr. SAIZ, Eduardo	DRIVING MASS CUSTOMISATION IN SUPPLY NETWORKS. A Machine Tool Sector Case Study
	16:50	Dr. Riis, Jesper	Product Configuration at GEA-Niro - discussion of experiences and research tasks
17:30	Transport to Dinner	Transport has been arranged	
18:30	Dinner		

Friday the 20th June	09:00	Mr. DOCH, Stefan	Issues in the implementation process of tailored logistics services for mass customization
	09:25	Mr. GROSS, Wendelin	Configuration and Product Modularization for the flexible Network: A Contribution to Mass Customization
	09:50	Mr. JOERGENSEN, Kaj A.	Development of Product Configurators - Levels of Customisation
	10:15	Coffee	
	10:30	Mr. MINHAS, Sarfraz UI Haque	An approach for the Real Time Intelligent Production Control to fulfill Mass Customization requirements
	10:55	Dr. ACKERMANN, Philipp	CONFIGURATION OF PRODUCT-CENTRIC SERVICES
	11:20	Mrs. SCARPULLA, Lorena	Developing appropriate metrics to measure supplier load in Mass Customization and high variety environments
	11:45	Lunch	
	12:45	Dr. KARDARAS, DIMITRIOS	Fuzzy Cognitive Map based Health Service Customisation
	13:00	Dr. Edwards, Kasper	Understanding Product Configuration Systems as Technical Systems
	13:25	Dr. HAUG, Anders	A software tool for design and documentation of configurator knowledge bases
	14:00	Mr. ALDANONDO, Michel	Coupling interactively Product and Project Configuration: a Proposal with Constraints Programming
	14:25	Conference closing
